**\*Please note that cross-registered students may get permission from their home institutions' residence life office for early arrival/late departures if there is a conflict between the two institutions' schedules.**

**Add/Drop Period**

COF students wishing to add or drop a course must adhere to Wentworth's deadlines. The add-drop process for a cross-registered course involves both the host and home institution. The student must inform the Registrar office when dropping a course during the add/drop period. The Registrar Office will process the drop and contact the home Institution. The process is not complete until both steps are taken.

### **Planning to Graduate this semester?**

Please note the due date of Wentworth's final grades. If your home institution has a different due date for final grades, please speak with your Wentworth instructor as soon as classes start to ask if they will be able to submit your final grade by that date. This is imperative, as it could interfere with your degree completion if this is not clarified ahead of time with your Wentworth instructor.
